The following is an examiner's statement of reasons for allowance: The closest prior art of record is Japanese Publication '894. This reference fails to teach or fairly suggest the addition of carbon black to a curable thiol group containing polymer. As noted by applicants, prior art disclosing carbon black is not directed to curable thiol group containing polymer compositions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
